Continued Review of AY21-22 Carryover Grievance

The Committee reviewed the current status of a grievance received in Winer 2022 that was put in abeyance in July 2022 pending the outcome of an investigation into allegations of research misconduct. The Committee discussed investigation documents from the Office of VC-RED and documents from the Grievant. After discussion and vote the Committee decided there is not sufficient reason to go forward to a formal hearing.
