Case Review – Probable Cause

The Committee reviewed submitted evidence from the VPAR and Faculty Respondent. Following discussion, by a vote of +7-0-0, the Committee determined there was not sufficient evidence to demonstrate probable cause. The Committee's recommendation memo and inquiry documents will be transmitted to the VPAR.

Case Review – Initial Review

The VPAR transmitted an academic complaint on May 29, 2023 listing numerous alleged APM-015 violations against a Faculty Respondent. As per bylaw 8.7.3.2, the Committee considered whether the allegations in the complaint, if true, would constitute a violation of the designated University policy regulating individual Faculty conduct, in which the committee answered affirmatively (+5-0-1; one recused). The Committee will conduct an inquiry before its determination on probable cause by requesting a response and documentation from the Faculty Respondent, in addition to requesting information from the VPAR.

The meeting ended at 5:30 PM.
