Statement of Purpose and Effect:

These changes to the bylaws allow for limited student participation on certain GSOE Committees. They define the scope, time, and means for student participation. They also specify that, as much as possible, each of the Area Groups in the GSOE be represented on some committees so as to ensure fairness and equal representation. Regarding Area

Groups, note that the GSOE is one unit, similar to a department of the whole. We break the unit into disciplinary subunits or Area Groups, as follows: Education, Society and Culture; Higher Education Administration and Policy; Educational Policy Analysis and Leadership; Learning and Behavioral Sciences (Formerly: Education Psychology, Special Education and School Psychology). Appropriate representatives of Area groups are Senate faculty.
