<p>Justification: The Management Science area at SoBA has been renamed to Operations and Supply Chain Management since 2013. This name is included in the university catalog when describing the different academic areas at SoBA. See for example the 15-16 Catalog page 83: “SoBA also teaches courses in the functional areas of management such as finance, accounting, human resources management, marketing, operations and supply chain management, and management information systems.”</p>

The Dean of the School of Business Administration will be an ex officio member <u>and the Associate Dean(s) of the School will be non-voting ex officio member(s)</u>. In addition, the Executive Committee can appoint other non-voting members to the committees as needed.</p>
<p>Justification: One of the duties of the Associate Dean(s) is to provide overall supervision and administration of undergraduate and graduate programs in the School. Hence, it makes sense for the Associate Dean(s) to be member(s) of the academic programs committees</p>
