**Re: Campus Guideline Proposal: Addition of Designated Emphasis on Graduate Diplomas**

During their June 8, 2020 meeting, Executive Council approved the subject proposal for all UCR schools and colleges. Additionally, I am pleased to offer the attached responses from Senate standing committees on the issue of adding a designated emphasis to graduate diplomas. I should note that the CNAS, GSOE, and BUSINESS Executive Committees did not provide responses by the deadline, so i will forward those as they are received. Thank you for engaging the Senate on this issue, and i hope this feedback will be helpful to you.
