Dear Lou,

With this email, we request the creation of a title that recognizes and value the research and outreach contributions of Cooperative Extension specialists in CNAS. Specifically, we request that the local title of UC Riverside Professor of Cooperative Extension X (where X is the name of the discipline or specialty) be created for those individuals appointed as UC Cooperative Extension Specialists at UC Riverside.

The proposed action for a local title received unanimous approval from the CNAS Executive Committee on January 21, 2020. Thus, we have forwarded this request onto the Provost, who has the authority to create local titles.

We now ask that the CNAS Executive Committee Chair transmit this request onto the UCR Division of the Academic Senate.
