Re: [Systemwide Review] Proposed Presidential Policy, Business and Finance
Bulletin, IS-12 IT Recovery

The Committee on Faculty Welfare met on December 15, 2020 to consider the proposed Presidential Policy, Business and Finance Bulletin, IS-12 IT Recovery. CFW sees a tremendous impact on faculty welfare if the campus does not have a fully implemented IT recovery plan. Otherwise CFW feels this is not within the committee's purview and has no further comment.

RE: Proposed Presidential Policy, Business and Finance Bulletin, IS-12 IT Recovery

The committee reviewed the proposal and received input from different members of the IT department. Overall, the committee supports the policies recommended by the report and seeks to underscore the importance of a systemwide Recovery Plan. Since the policy is sound and an IT recovery plan seems essential to the functioning of a research university, it is important to emphasize the issue of funding. Sufficient funding should be allocated for this policy to succeed and that funding should take into account the different revenues/staff needs/support of ITS services across the UC's.

RE: [Systemwide Review] Proposed Policy: Proposed Presidential Policy, Business and Finance Bulletin, IS-12 IT Recovery

The Committee on Planning & Budget (P&B) discussed the proposed Presidential Policy, Business and Finance Bulletin, IS-12 IT Recovery at their January 19, 2021 meeting. P&B agreed the IT security is a crucial issue but were concerned that the scale of this proposal would likely be prohibitively expensive given that no new funding appears to be attached to the initiative and recommended a cost/benefit analysis of the proposal be conducted.
