RE: Proposed Revision of Senate Regulation SR 610, Defining Residency

The Committee on Educational Policy reviewed the proposed revision of Senate Regulation SR 610 that defines residency at their April 2, 2021 meeting. The Committee is supportive of the proposed revision, but recommends that the word “though” in the first sentence be corrected to “through”.

Re: [Systemwide Review] Proposed Regulation Revision: Proposed Revision to
Senate Regulation 610 (Residency)

Graduate Council reviewed the proposed revision to Senate Regulation 610 (Residency) at their April 15, 2021 meeting. The Council is supportive of these clarifications of the meaning of residency which have become increasingly important with online learning. For clarity, and because non-specialists should be able to easily discern meaning, the Council agreed that adding the aforementioned statement "residency [is] determined by course approval by the relevant Faculty and Senate governing entities of the University of California, not linked to the physical presence of a student on campus" would give clarity to the proposed Senate Regulation 610 language.
