Re: Extension of Exception to APM 275-16-f(3) Restrictions: 1/6 Limitation on Appointment to Professor of Clinical X Series

Dear Dan,

Executive Council discussed the subject matter and related committee comments during their February 28, 2022 meeting and is in support.

Executive Council understands that the intention was for an 8-year extension to be put forth for consideration and comment. Though the Senate did not receive a revised request to reflect eight years, we would be happy to review an updated request and provide a timely reply. In the meantime, and in order to help prevent a hold up of files for the year, Executive Council supports the 5-year extension and points to the support expressed in the attached committee memos.

Regards,
/s/ Jason

Re: [Campus Review] Consultation: Updated - Extension of Exception to APM 275-16-f(3) Restrictions: 1/6 Limitation on Appointment to Professor of Clinical X Series

On January 13, 2022, CAP considered the extension request from the School of Medicine for an exemption to APM 275-16-f(3), which places a ⅙ limitation on appointments to the Professor of Clinical X series. CAP acknowledges the challenges of meeting this ⅙ limitation when building a new medical school, and by a vote of +10-0-0, the Committee voted unanimously to support the SOM’s request to extend the exemption for an additional 5 years.

RE: Consultation: Updated - Extension of Exception to APM 275-16-f(3) Restrictions: 1/6 Limitation on Appointment to Professor of Clinical X Series

The CHASS Executive Committee supports the Updated - Extension of Exception to APM 275-16-f(3) Restrictions: 1/6 Limitation on Appointment to Professor of Clinical X Series. The committee had a question concerning the extension of exception. Besides the brief mention of hiring 2 more people, what are the long term plans of SOM to meet APM 275-16-f(3)? It would be helpful to have additional clarity or state explicitly the timeline/date for meeting APM 275-16-f(3).
Hi Cherysa,

We're happy to support this extension.

Thanks,

JOe

Subject: Response to [Campus Review] Consultation: Updated – Extension of Exception to APM 275-16-f(3) Restrictions: 1/6 Limitation on Appointment to Professor of Clinical X Series

Dear Jason,

The SOM Faculty Executive Committee has reviewed the Updated report for Extension of Exception to APM 275-16-f(3) Restrictions: 1/6 Limitation on Appointment to Professor of Clinical X Series. We strongly recommend approval of the exception for a full LCME accreditation cycle of 8 years rather than the existing 3 year cycle which is not tied to any LCME standard.

Yours sincerely,
