Re: [Campus Review] Consultation: Renewal request for 5-year Extension of the Exception to 1/6 Limitation on Appointment to Professor of Clinical X Series

On September 30, 2026, CAP considered the extension request from the School of Medicine for an exemption to APM 275-16-f(3), which places a ⅙ limitation on appointments to the Professor of Clinical X series. CAP acknowledges the challenges of meeting this ⅙ limitation when building a new medical school, and by a vote of +10-0-0, the Committee voted unanimously to support the SOM's request to extend the exemption for an additional 5 years.

SUBJECT: [Campus Review] Consultation: Renewal request for 5-year Extension of the Exception to 1/6 Limitation on Appointment to Professor of Clinical X Series

Prof. Barish,

The CNAS Faculty Executive Committee reviewed the request to renew, for 5 years, the ⅙ appointment limitation for the Professor of Clinical X Series at the October 14th meeting. The FEC discussion indicated that we did not have enough information on how extending this exception would affect the campus. We will revisit this topic when we provide feedback on Report and Recommendations of the Presidential Task Force on Clinical Faculty Representation in Governance.

Sincerely,

Quinn McFrederick, Ph.D
Chair, Faculty Executive Committee, College of Natural and Agricultural Sciences
