

March 8, 2024

TO: Sang-Hee Lee, Chair,  
Academic Senate

FROM: Katherine Meltzoff, Chair,  
Austin Johnson, Associate Dean of Undergraduate Education,  
School of Education

RE: Proposed Revisions for the SOE Regulations 01 to 04.01.01

The School of Education (SOE) Executive and Undergraduate Education Committees have both discussed the proposed revisions the SOE regulations. The Executive Committee discussed and approved the regulations on February 27, 2024. The Undergraduate Education Committee discussed and approved the regulations on November 28, 2023.

The purpose of these changes in the School of Education (SOE) Regulations are to establish regulations to govern our undergraduate programs. The SOE has been using the College of Humanities and Social Sciences (CHASS) regulations since the establishment of B.A in Education, Society, and Human Development. We are proposing these regulations to help us further conduct the affairs of our programs and no longer rely on the CHASS regulations. Regulation 01 to 03.02.07 are being established for the undergraduate programs within SOE for the first time. The current 03 has been reassigned as 04.01.01. Please see the included the 'UCR Regulations Comparison and Proposal Justification' for documentation of where we obtained the language for the regulations for the SOE. The regulations were written based on using CHASS regulations and what practices we want to establish going forward based on reviewing and evaluating CHASS, the College of Natural and Agricultural Sciences, and School of Public Policy regulations.

**CHANGES TO REGULATIONS  
THE SCHOOL OF EDUCATION  
REPORT TO THE RIVERSIDE DIVISION  
May 21, 2024**

To be adopted:

**Proposed Changes to SOE Regulations 01 to 04.01.01**

**01 REQUIREMENTS FOR ADMISSION TO  
THE SCHOOL**

~~01.01 Requirements for admission to the school are (a) admission to graduate standing and (b) selection of an approved program in the school.~~

~~01.02 Students may continue to matriculate in credential programs at the junior level.~~

**02 STUDY LIST**

~~02.01 Procedures for approval of study lists and the assignment of advisers are determined by the Executive Committee of the school.~~

~~02.02 The presentation of a study list by a student and its acceptance by the school evidences an obligation on the part of the student faithfully to perform the designated work. Withdrawal from, or neglect of, any course entered on the study list, or a change in program without the formal permission of the Dean of the school, renders the student liable to enforced withdrawal from the University or other disciplinary action.~~

**PROPOSED:**

**01 STATUS OF STUDENTS**

**01.01 CATEGORIES OF STUDENTS**

01.01.01 The categories of students are (1) regular students, (2) special students, (3) limited students as defined in the Manual of the Academic Senate, Regulations 310, 312, 314, 650.

**02 REGISTRATION AND COURSE WORK**

**02.01 ACADEMIC ADVISOR**

2.01.01 The School of Education, hereafter referred to as School, will assign an academic advisor to each of their majors and will require students to obtain the academic advisor's signature before submitting an academic petition.

**02.02 STUDENT RESPONSIBILITY**

02.02.01 Students should plan their program of studies carefully in consultation with their academic advisor. They should go to the Associate Dean of Undergraduate Education for the School with any irregularities in the program that may require special approval. It is the student's responsibility to ensure that all requirements for graduation are satisfied.

02.02.02 Withdrawal from any course or a change in enrollment after the deadlines published in the Schedule of Classes requires

the approval of the Associate Dean of Undergraduate Education for the School.

## **02.03 REGISTRATION/ENROLLMENT**

**02.03.01** The confirmation of classes is a student's selection of courses to be pursued in any term.

**02.03.02** Each term, students are required to register and enroll by the date set by the campus. If required by the student's program, the selection of courses must be approved by an academic advisor. Students who do not attend the first class meeting may be dropped from the course.

**02.03.03** An undergraduate student must make expected progress toward the degree (R07.01). If an undergraduate student does not make expected progress toward the degree as defined in R 07.02, then they are considered ineligible for continued registration and will not be able to register for courses unless granted approval by the Associate Dean of Undergraduate Education for the School. For undergraduate students, enrollment in any quarter of less than 12 units or more than 20 units must have the approval of the Associate Dean of the program.

**02.03.04** An undergraduate student on academic probation may not enroll in more than 17 units without the consent of the Associate Dean of Undergraduate Education for the School. An undergraduate who is subject to dismissal may not enroll in more than 15 units without the consent of the Associate Dean of Undergraduate Education for the School.

**02.03.05** An undergraduate student may add a course up to the end of the second full week of instruction. Courses may be added until the end of the third week of instruction with the consent of the instructor and academic advisor. No course may be added after the third week without approval of the Associate Dean of Undergraduate Education for the School.

**02.03.06** A course dropped after the end of the second full week of instruction will remain as a permanent transcript entry showing course number and title, with a transcript symbol of W, signifying withdrawal, entered in the grade column.

**02.03.07** With approval of the Associate Dean of Undergraduate Education for the School, students may withdraw from the University on or before the last day of instruction.

**02.03.08** Any changes in a student's schedule of classes not covered by the above regulations must have the approval of the Associate Dean of Undergraduate Education for the School.

**02.03.09** In the School, instructors can enforce policies in which students may be required to forfeit their seats in particular courses by removing students' names from the roster after the first full week of classes and up to the end of the second full week of instruction if students do not meet attendance requirements specified by either (a) the Executive Committee of the School, (b) the course syllabus, or (c) the Schedule of Classes. A student who is removed from a course roster for not meeting attendance requirements will not be allowed to continue in that course and will receive an "F" or an "NC" unless the student formally drops the class.

## **02.04 MAJOR REQUIREMENTS**

**02.04.01** A major shall consist of no fewer than 28 and no more than 72 upper-division units.

**02.04.02** Candidates for the B.A. degree may not receive more than 80 units of credit toward the degree for work taken in the major discipline (i.e., students must take at least 100 units outside the major discipline).

**02.04.03** A student may elect a second (or third) major in a department or program of another college. In such cases, the student must complete all course requirements for

each of the two (or three) majors. Where the multiple major offers the same degree and includes departments or programs in more than one college or school, students will be expected to satisfy the college/school requirements of the college/school of their choice. If the multiple majors include different degrees, the college/school breadth requirements for each degree designation must be satisfied. If the multiple majors lead to different degrees (BA and BS) it will be noted on the transcript. A declaration of two (or three) majors requires the approval of the Associate Dean of Undergraduate Education for the colleges/school(s) concerned and filed by the students with their chosen college/school.

**02.04.04** All courses in the major must be completed during Fall quarter, Winter quarter, Spring quarter, or Summer session at UCR. Exceptions to this policy must have the approval of the Associate Dean of Undergraduate Education for the School.

**02.04.05** A student may transfer from one major to another by filing a change of major petition, which requires approval of the Associate Dean of Undergraduate Education for the School for the program that the student is transferring into. Admission into a given major is subject to that major's eligibility requirements.

**02.04.06** Transfer students must complete a minimum of 16 upper division units in their major on the Riverside campus for the bachelor's degree.

**02.04.07** A grade point average of at least 2.00 in upper division courses taken in the field of the major is required for graduation.

## **02.05 CREDIT BY EXAMINATION**

**02.05.01** A student who wishes to have the privilege of examination for degree credit must be in residence and in good academic standing at UCR.

**02.05.02** A student may take examinations for degree credit in courses offered in the School, without formally enrolling in them with the exception of English composition courses.

**02.05.03** Arrangements for examinations for degree credit must be made in advance with the Associate Dean of Undergraduate Education for the School and with the student's academic advisor. The approval of the Associate Dean of Undergraduate Education for the School, the instructor who is appointed to give the examination, and the academic advisor are necessary before the examination may be given.

**02.05.04** The results of all examinations for degree credit, either with grades or with a Satisfactory/No Credit report, are entered upon the student's record in the same manner as they are entered in regular courses of instruction.

**02.05.05** English composition requirements may not be met with credit by examination.

## **02.06 UNDERGRADUATE CREDIT FOR GRADUATE COURSES**

**02.06.01** A student who has a grade point average of at least 3.00 in all courses taken in the University or who has shown exceptional ability in a special field may take a graduate course for undergraduate credit, with the permission of the instructor concerned, within the limitations specified by Systemwide Regulation 740C. The determination of exceptional ability is decided by the instructor concerned.

## **02.07 ENROLLMENT ON A SATISFACTORY/NO CREDIT BASIS**

**02.07.01** An undergraduate student in good academic standing may receive credit for courses undertaken and graded "S" on the Riverside campus to a limit of one third of the total units undertaken and passed on the Riverside campus at the time the degree is awarded. This same limitation applies to courses that are only graded Satisfactory/No

Credit. Units completed on another campus of the University by a Riverside undergraduate enrolled as an intercampus visitor are considered Riverside work for the purposes of this regulation.

**02.07.02** Courses which are required in, or prerequisite to, the undergraduate student's major subject may not be taken on a Satisfactory/No Credit basis unless approved by the Associate Dean of Undergraduate Education for the School.

**02.07.03** Limited status or special status students may take courses on a Satisfactory/No Credit basis only with the approval of the Associate Dean of Undergraduate Education for the School.

**02.07.04** Units earned on a Satisfactory/No Credit basis will be counted in satisfaction of degree requirements, but such courses will be disregarded in determining the student's grade point average.

**02.07.05** Students may change from letter grading in a course to Satisfactory/No Credit (as permitted), or vice versa, until the end of the eighth week of instruction within the limitations specified by 02.07.02.

## **02.08 MINORS**

**02.08.01** A disciplinary minor is a sub-set of courses selected from a non-interdisciplinary major. It is proposed by the sponsoring department or program and approved by the Executive Committee, the Faculty, the Committee on Educational Policy, and the Academic Senate. Among these courses must be a sufficient number (totaling at least 16 units) selected from courses accepted for the major.

**02.08.02** An interdisciplinary minor is a set of courses focused on an interdisciplinary thematic area, proposed by the Executive Committee, and approved by the Faculty, the Committee on Educational Policy, and the Academic Senate. Each minor is to be

supervised by a representative committee of at least three Faculty members.

**02.08.03** A minor shall consist of no fewer than 16 and no more than 28 units of organized upper division course work. No overlap may occur among courses used to satisfy upper-division course requirements for a major and a minor. A minor may use up to one upper-division course in the major discipline for minors requiring 16 units and up to two upper-division courses in the major discipline for minors requiring 20 units or more provided that the courses are not also applied to the major.

**02.08.04** A grade point average of at least 2.00 in upper division courses taken in the field of the minor is required for graduation with the minor.

**02.08.05** Courses in the minor may be applied toward college/School breadth requirements.

**02.08.06** Students must file a declaration of a minor at least two quarters before graduation and must be in good academic standing at the time of filing. The declaration of a minor requires the signature of the Academic Advisor that handles the minor and the signature(s) of the Associate Dean(s) of the college(s) of both the major and the minor. The minor coursework (including all prerequisites for upper division courses in the minor) must be completed within the overall 216 unit maximum for the Bachelor's degree. A minimum GPA of 2.0 is required for all courses in the minor. If the student declares a minor and for any reason fails to complete the minor, the designation of the minor must be removed from the transcript before the student can graduate.

### **03 DEGREE REQUIREMENTS**

#### **03.01 GENERAL REQUIREMENTS**

**03.01.01** A minimum of 180 units of academic work is required for graduation. Not more than six units of Physical Education activity

courses or their equivalent may be counted toward the 180 unit requirement for the Bachelor's Degree. No 400 series or equivalent courses and no more than three courses in the 300 series or equivalent courses may be counted toward the 180 unit requirement. A maximum of 216 units is allowed toward the Bachelor's Degree. (See definition of these course categories in Senate Regulation 740D and 740E.)

**03.01.02** A grade point average of at least 2.00 in all courses undertaken in the University of California is required for graduation.

**03.01.03** Concurrent enrollment in any course offered by University Extension (including correspondence courses) or by other institutions is not permitted except by prior approval of the Associate Dean of Undergraduate Education for the School.

**03.01.04** 35 of the final 45 units completed by each candidate prior to receiving the Degree of Bachelor of Arts or Bachelor of Science must be earned in residence on the Riverside campus. No more than 18 of the 35 units may be completed in summer session courses on the Riverside campus. The minimum residence at the University of California required for a degree is three quarters. One of these required quarters may be completed in the summer session on the Riverside campus provided the student carries at least 12 units unless a reduced load is approved by the Associate Dean of Undergraduate Education for the School. Courses completed in the University of California Extension are not considered work in residence.

**03.01.05** Students must declare their candidacy for the Bachelor's Degree with the Dean's office at the beginning of their final quarter in accordance with the dates published in the Schedule of Classes.

**03.01.06** Honors with the Bachelor's Degree are awarded to students who complete their work at the University of California with distinction and meet the policies laid down by

the committee on honors. Honors are granted by the Faculty at graduation as follows: honors, high honors, highest honors.

### **03.02 BREADTH AND SUBJECT REQUIREMENTS FOR THE BACHELOR OF ARTS**

**03.02.01** English Composition: Students must demonstrate adequate proficiency in English composition by completing a one-year sequence of college- level instruction in English composition, with no grade lower than C as described in R06.01.

**03.02.02** Humanities: 20 units in Humanities as described in R06.03. Internships and independent study courses, and courses cross-listed with Business Administration or Physical Education, may not be used to satisfy this requirement.

**03.02.03** Social Sciences: 16 units in Social Sciences as described in R06.04. Internships and independent study courses may not be used to satisfy this requirement.

**03.02.04** Ethnicity: 4 units as described in R06.05.

**03.02.05** Foreign Language: The Foreign Language Requirement (except for Foreign Language majors who satisfy the spirit of the language requirement by majoring in one or more languages) may be satisfied in two ways:

**03.02.05.01** By completing the fourth-quarter level or its equivalent in one foreign language at UCR or at another college or university with a minimum grade of C. American Sign Language may also be used to satisfy this requirement.

**03.02.05.02** By demonstrating proficiency at the fourth-quarter level on a foreign language placement exam offered by one of the foreign language departments at UCR. This test does not yield unit credit; it only determines whether the Foreign Language Requirement

has been met, or in which course in the language sequence a student should enroll.

**03.02.05.03** For majors shared between the School and other schools or colleges, the number of quarters required to fulfill the Foreign Language requirement for the Bachelor of Arts Degree will be determined by the Undergraduate Education Committee in the School and the other school or college concerned. In no instance will this requirement be less than the minimum required by either body.

**03.02.06** Natural Sciences and Mathematics: 20 units in Natural Sciences and Mathematics as described in R06.02.

**03.02.07** No course from a student's major discipline may be used in satisfaction of breadth requirements 03.02.01 to 03.02.07. However, courses outside the major discipline but required for the major may satisfy these requirements. Students who elect a double or interdisciplinary major may apply courses from one of the majors, departments, or programs in satisfaction of 03.02.01 to 03.02.07. The same course may not be used to meet two breadth requirements.

## **04 AUTHORIZED DEGREES**

### **04.01 DEGREES**

**03** The School of Education is authorized to offer the academic degrees of master of arts, master of education, doctor of education, and doctor of philosophy as well as credential programs for public school teachers and administrators. (Am 2001, May)

**04.01.01** The School is authorized to offer the academic degrees of bachelor of arts, master of arts, master of education, doctor of education, and doctor of philosophy as well as credential programs for public school teachers and administrators. (Am 2001, May)

**Statement of Purpose and Effect:** The purpose of these changes in the School of Education (SOE) Regulations are to establish regulations to govern our undergraduate programs. The SOE has been using the College of Humanities and Social Sciences (CHASS) regulations since the establishment of B.A in Education, Society, and Human Development. We are proposing these regulations to help us further conduct the affairs of our programs and no longer rely on the CHASS regulations. Regulation 01 to 03.02.07 are being established for the undergraduate

programs within SOE for the first time. The current 03 has been reassigned as 04.01.01. Please see the included the 'UCR Regulations Comparison and Proposal Justification' for documentation of where we obtained the language for the regulations for the SOE. The regulations were written based on using CHASS regulations and what practices we want to establish going forward based on reviewing and evaluating CHASS, the College of Natural and Agricultural Sciences, and School of Public Policy regulations.

Approved by the SOE Faculty on:

27 February 2024

|  | <p>representative committee of at least three Faculty members, one designated as Chair.</p> <p><b>NR3.4.3</b> A minor shall consist of not fewer than 20 nor more than 28 units of organized upper division courses. No more than 4 (four) units of 190-199 courses may be used in fulfilling the upper division unit for a minor. Of the specified upper division units, a minimum of 16 must be unique to the minor and may not be used to satisfy major requirements. *NR3.3.2 -- A course is defined here as a block of instruction which carries credit of 4 or more units. (Am 18 Nov 03)</p> <p><b>NR3.4.4</b> The department, program, or interdisciplinary committee offering the minor is responsible for student and administrative issues pertaining to the minor.</p> <p><b>NR3.4.5</b> Students must file a declaration of a minor at least two quarters before graduation and must be in good academic standing at the time of filing. The declaration of a minor requires the signature of the Professional Academic Advisor that handles the minor and the signature(s) of the Associate Dean(s) of the college(s) of both the major and the minor. The minor coursework (including all prerequisites for upper division courses in the minor) must be completed within the overall 216 unit maximum for the Bachelor's degree. A minimum GPA of 2.0 is required for all courses in the minor. If the student declares a minor and for any reason fails to complete the minor, the designation of the minor must be removed from the transcript before the student can graduate. (Am 29 Nov. 2011)</p> <p><b>NR3.4.6</b> A grade point average of at least 2.0 in upper division courses in the field of the minor is a graduation requirement. When all other requirements for graduation have been met, the student will be graduated without the minor if the minimum GPA in the minor field has not been met.</p> <p><b>NR3.4.7</b> A student must be able to complete both the major and the minor requirements without exceeding the 216 unit college maximum.</p> <p><b>NR3.5</b> LIFE SCIENCES CORE CURRICULUM (EN 30 MAY 96)</p> <p><b>NR3.5.1</b> All students who are life sciences majors (Biochemistry, Biological Sciences, Biology, Botany</p> |  |  |  |

|  |  |  |  |  |
|--|--|--|--|--|
|  | <p>and Plant Sciences, Entomology, Cell Biology and Neuroscience) will complete a uniform core curriculum prior to advancing to upper division courses not in the core except as provided in NR3.5.7 and NR3.5.8. Specific courses which satisfy the core will be determined by the college Executive Committee. (En 30 May 96)(Am 4 Nov 99)(Am 20 Feb 07)</p> <p><b>NR3.5.2</b> Biology: 12 units including laboratory. The Biology component of the core will consist of a one year introductory biology course sequences. (En 30 May 96)(Am 20 Feb 07)</p> <p><b>NR3.5.3</b> Chemistry: 27 units including laboratory. The Chemistry component of the core will consist of a one-year course sequence in general Chemistry (at least 12 units including laboratory) and a one-year course sequence in organic chemistry (at least 12 units including laboratory). (En 30 May 96)(Am 20 Feb 07)</p> <p><b>NR3.5.4</b> Mathematics: 8 units. The Mathematics component of the course will consist of two courses in calculus. (En 30 May 96)</p> <p><b>NR3.5.5</b> Physics: 15 units. The Physics component of the core will consist of a one year general physics course sequence, including laboratory. (En 30 May 96)</p> <p><b>NR3.5.6</b> Statistics: 2 units. The Statistics component of this core will consist of at least one course in Statistics. (En 30 May 96)</p> <p><b>NR3.5.7</b> Biochemistry: 4 units. The Biochemistry component of the core will consist of at least one course in elementary or introductory biochemistry. This course may be taken concurrently with other upper division life sciences courses as long as they do not have Biochemistry as a prerequisite. (En 30 May 96)</p> <p><b>NR3.5.8</b> While the intention is that students will complete all of the core courses before proceeding to upper division courses in their major, a student may begin upper division course while the core is still in progress. Up to 12 units of upper division life sciences courses not being used to satisfy the core may be taken prior to completion of the core; permission of an advisory is required to take upper division units in excess of these 12 units. (En 30 May 96)</p> |  |  |  |
