

COMMITTEE ON ACADEMIC PERSONNEL

April 24, 2017

To: Dylan Rodriguez
Riverside Division Academic Senate

From: John Heraty, Chair 
Committee on Academic Personnel

Re: Department Name Change Proposals

At its April 24th meeting, the Committee on Academic Personnel reviewed the proposals for departmental name changes in CNAS and CHASS. CAP agrees with the rationale found in each of the proposals. Finding no CAP specific issues, the Committee voted +9-0-0 in favor of the proposed name changes listed below with no further recommendations.

- 1) Department of Cell Biology and Neuroscience to the Department of Molecular, Cell and Systems Biology
- 2) Department of Biology to the Department of Evolution, Ecology, and Organismal Biology
- 3) Department of Plant Pathology and Microbiology to the Department of Microbiology and Plant Pathology
- 4) Department of Comparative Literature and Foreign Languages to the Department of Comparative Literature and Languages
