Re: Second Review of Revisions to APM 278 & APM 210-6 Health Science
Clinical Professor Series

The Committee on Faculty Welfare met on February 14, 2017 to consider the proposed revisions to APM section 278 - Health Sciences Clinical Professor Series and APM section 210-6 – Instructions to Review Committees Which Advise on Actions Concerning the Health Sciences Clinical Professor Series. The Committee found the numerous editorial and organizational changes to be inconsistent at times, but found the context to include a range of opportunity to fulfil requirements. Overall, the Committee found the revisions to be reasonable and did not have any substantial comments to add.
