RE: Proposal: *(Revised) Pilot Program for Globalizing Undergraduate Students'
Learning Experience*

Date: January 24, 2018

The Executive Committee of the School of Public Policy is appreciative of Vice Provost Kalu's efforts to consider our concerns and suggestions related to the initial draft of this pilot program. Again, we are supportive of this initiative. We look forward to (and request) the opportunity to see the results of the pilot program for another review/assessment prior to any major rollout.
