Re: Campus Review: Proposed Bylaw Change: 2nd Round Proposed changes to Bylaw GR 1.2 Standards of Scholarship and Disqualification

The Committee on Rules and Jurisdiction reviewed the 2nd Round Proposed changes to Bylaw GR 1.2 Standards of Scholarship and Disqualification.

Requiring a student to leave the university because of completion of degree requirements is discriminatory, hence in violation of APM015.II.A. The Committee recommends the following modifications be made:

#3, p.1: replace '... and leaving the university... complete' by 'and graduating from the program once all degree requirements are met'

#7, p.2 replace 'any student not complete... time' by 'any student not having completed all degree requirements within one year beyond normative time'
