RE: Proposed Policy: Proposed Model Systemwide Policy for the Awarding of
Posthumous Undergraduate Degrees

Date: November 13, 2018

The members of the SPP Executive Committee are happy to have the chance to read the “*Proposed Model Systemwide Policy for the Awarding of Posthumous Undergraduate Degrees*” and are glad that it has been distributed widely. We appreciate the careful vetting it has undergone and will likely continue to undergo. After an internal discussion we have no comments from our group to add.
