Re: Proposed Revisions to Sexual Violence and Sexual Harassment Academic Frameworks

The Committee on Educational Policy (CEP) reviewed the proposed revisions to the Sexual Violence and Sexual Harassment Academic Frameworks at their February 8, 2019 meeting and were supportive of the revisions to require the Chancellor or Chancellor's designee to consult with their Campus Title IX Officer on discipline for faculty, staff, and non-faculty academic personnel found in violation of the SVSH Policy and the requirement for the Chancellor to issue a final decision about discipline for Senate faculty within 14 days of receiving a recommendation from the Privilege and Tenure Committee.
