Re: Proposed Revisions to SVSH Academic Frameworks

The Faculty Welfare Committee (FWC) met on 2/19/2019 and discussed the Proposed Revisions to SVSH Academic Frameworks. The committee is unanimous in support of these revisions. On a related point, the committee would like to renew its call for public sharing de-identified data on Title IX case load and case resolutions. The committee believes that sharing this data with the campus will: 1) affirm the campus commitment to zero tolerance for improper behavior, and 2) be a visible warning to potential perpetrators that there are consequences to improper behavior.
