Committee on Educational Policy

Re: UC Sacramento Review Report

The Committee on Educational Policy (CEP) reviewed the UC Sacramento Review Report at their May 3, 2019 meeting and recommends that any change in administrative structure ensure: 1) continued central oversight of the function of the program; 2) appropriate transfer of resources (including financial support) sufficient to ensure all necessary functions; and 3) establishment of monitoring process to ensure that the program continues to meet systemwide needs.
