BCOE Executive Committee

RE: Campus 5-year plan

Dear Dylan,

The BCOE Executive Committee reviewed the Campus 5 Year Plan and wishes to request the following revisions. Dean Lynch has requested that I communicate these requested revisions to Associate Provost Ken Baerenklau by email as well.

1. There is some inconsistency in terms of whether Department names are spelled out in full or are spelled out as Acronyms. For example, the Master's in Robotics includes the Dept. of ECE whereas the Ph.D. program in Computer Engineering lists the Dept. of Electrical and Computer Engineering.
2. There is some inconsistency in terms of how the Department of Computer Science and Engineering (acronym CSE) is listed in the plan. For the Master's in Robotics, it is listed as CE (should be CSE) and in the Ph.D. in Computer Engineering, it is spelled out as "Dept. of Computer Science" (should be "Dept. of Computer Science and Engineering").
3. The Master's in Data Science is planned to be offered by the Depts. of CSE and ECE, not CSE and Statistics.
4. The Depts. of ECE, ME, and CSE plan to offer both a BS and an MS in Robotics; the plan only lists the MS (Master's).
