Re: Graduate School of Education Regulations ER 1 to ER 4.1

The Committee on Rules and Jurisdiction reviewed the proposed revisions for GSOE Regulations ER 1 to ER 4.1, as well as the additional information sent by Professor Joseph Kahne of the Graduate School of Education on April 3, 2020.

The committee seeks additional clarification before determining if the proposed GSOE regulations are consistent with existing regulations. If GSOE has material that shows their work/the correspondence to the language they borrowed, that would make this evaluation easier.
