

**COMMITTEE ON DIVERSITY, EQUITY, AND INCLUSION**

April 6, 2020

To: Dylan Rodriguez  
Riverside Division Academic Senate

From: Xuan Liu, Chair  
Committee on Diversity, Equity, and Inclusion

Re: Proposed Policy: Presidential Policy on Protection of Human Subjects in  
Research

The Committee on Diversity, Equity and Inclusion (CODEI) reviewed the proposed Presidential Policy on Protection of Human Subjects in Research at its April 2 meeting. We noted that the proposal didn't discuss diversity issues in human subjects participating in research. This would be essential since the whole reason we have these protections is the violations of diverse populations in research. We must also ensure the diversity of participants in research, so that everyone can benefit from research.
