Re: [Systemwide Review] APM Revision: Reconsideration of Changes Made
to APM 120

The Committee on Diversity, Equity, and Inclusion reviewed APM Revision: Reconsideration of Changes Made to APM 120 and supports the addition of the gender-inclusive title suffix “Emer”.

The Committee also recommends that all Senate members (including Health Sciences titles such as “in Residence” and “Clinical X” as well as LSOE/Professor of Teaching) automatically receive Emerita/Emeritus/Emer. status.
