RE: Systemwide Review of the Report of the Academic Council's Standardized Testing Task Force (STTF)

The CHASS Executive Committee discussed the Report Review: Report of the Standardized Testing Task Force at the regular meeting on February 26, 2020. The CHASS Executive Committee has no specific comments on the STTF report itself, but members note that in addition to this report, student success should take into account:

- available resources on an individual campus to support students' academic and their other needs;
- that as the number of transfer students increase in absolute numbers and as a percentage of the student body, we need a similarly detailed examination of their admissions criteria and how these correlate with their success at the UC schools.
