Re: Systemwide Standardized Testing Taskforce Report

The Committee on Undergraduate admissions reviewed the Standardized Testing Taskforce's Report at their February 21, 2020 meeting and had an intensive discussion on the different aspects of the report. The Committee agreed in principle with the report's conclusions and recommendations based on the comprehensive admission data and correlation analysis from the report. Some members mentioned that the report's conclusion should be considered in the context of holistic review and for UC campuses that use holistic review as part of their admissions process. The Committee found the admission data and analysis included in the report from UCR insightful and valuable for continued discussions to improve UCR's admissions process.
