BCOE Executive Committee

RE: Third Round - Transition of Vice Provost of Administrative Resolution (VPAR) Role at UCR

Dear Jason,

The BCOE Executive Committee reviewed the 3rd round proposal for the Transition of the VPAR Role at UCR. The Committee supports the revision, but prefers the position to remain 1.0 FTE.

Some committee members were not 100% comfortable approving in principle a policy document that has not yet been produced. The document that the Committee reviewed was the 2nd round proposal, with a set of changes (akin to a diff file in computing) and a written response to the Committees that previously opined. A self-contained 3rd round policy document would have been easier to follow.
