Subject: SOM FEC Response to: Request for use of title Professor of Practice on campus

Dear Jason,

During the SOM Executive Committee regularly scheduled meeting, the FEC reviewed the Request for use of title Professor of Practice on campus. The SOM FEC strongly approves of this proposal. It's a great recruiting tool for the university for professionals such as paramedics, nurse practitioners, etc. that come from a non MD/PhD background, who add a lot of benefit to specific programs. It will likely attract better quality people and they will be motivated to produce better quality work to live up to this onerous title.

Yours sincerely,
