From: Juliann Allison, Chair 
Committee on Educational Policy

RE: Request from Summer Sessions for Modality Flexibility in Summer 2022

The Committee on Educational Policy reviewed the request from Summer Sessions for Modality Flexibility in Summer 2022 at their November 5, 2021 meeting and were supportive of allowing for flexibility for Summer Sessions 2022. The Committee does recommend that courses to be taught fully online follow the Committee on Courses course approval process for online courses if an online version of the course is not already approved.
