**RE: [Campus Review] Proposed Degree Program: Bachelor of Arts Degree
Program in Global and Community Health (GCH)**

At our meeting on October 10, 2023, the Committee on Planning and Budget (CPB) discussed the proposed Bachelor of Arts degree program in Global and Community Health (GCH). CPB supports the proposed degree program.

As a general comment for all proposed degree programs: CPB stresses the necessity of having the right amount of Teaching Assistants to support course instructors and ensure the overall success of the program.
