Committee on Planning and Budget

**RE: [Campus Review] New Undergraduate Minor: Minor in Global and
Community Health (GCH)**

At our meeting on October 10, 2023, the Committee on Planning and Budget (CPB) discussed the proposed Minor in Global and Community Health (GCH). CPB supports the proposed minor.

As a general comment for all proposed degree programs: CPB stresses the necessity of having the right amount of Teaching Assistants to support course instructors and ensure the overall success of the program.
