CHASS Executive Committee

RE: [Systemwide Review] Proposed Revised Policy: Presidential Policy BFB-BUS-50: Controlled Substances Use In Research and Teaching

The CHASS Executive Committee reviewed the Proposed Revised Policy: Presidential Policy BFB-BUS-50: Controlled Substances Use In Research and Teaching. The committee feels they lack the expertise to address the proposal but recognizes that controlled substance use in research and teaching occurs in CHASS and across the campus. For this reason, the Executive Committee encourages that CHASS faculty who use controlled substances in their research and teaching be directly consulted when there are significant proposed changes to policies regarding controlled substances.
