RE: Report Review: Drafts of UCR's WASC Self-Study and Institutional Report for
Reaffirmation

The CHASS Executive Committee reviewed and especially appreciated the emphasis on university growth over the last several years. We have a recommendation to review the Graduate Student Mentorship Network (previously Program) as it is stated in the report, and in general to seek to provide a better avenue for graduate student assessment and mentorship via the assessment measures already in place. These could look like more transparency and feedback between mentors and students, or a more concrete path in which graduate students can see their assessment and respond.
