Re: [Campus Review] Proposal: *Geographic Information Systems and Public Policy B.S. Degree (GIS and Public Policy)*

At our meeting on March 31, the Committee on Planning and Budget (CPB) reviewed the proposal for the *Geographic Information Systems and Public Policy B.S. Degree (GIS and Public Policy)*. CPB generally supports the proposed degree. CPB does note that letters from department chairs should be included in the proposal, confirming that they approve of the courses in their respective department that are required for the proposed degree—specifically for the courses outside of SPP, e.g., courses in the Departments of Economics, Math, and Computer Science.
